

DARKEST ANGEL

A dark angel landed
Right here by my side
I didn't see you coming
And I didn't ask you why

You've been moving into
My body and my soul
Not that I asked you to
But hey, that's how it goes...

*Uh, you're my darkest angel
You give me pleasure and pain
Uh, how you blow my mind now
Just wanna feel you and go insane...*

*Take me to places where
I've never been before
Before... I'll be coming back for more....
You're my darkest angel...*

I'm mad about this angel
Who lives in my blood
Makes me wanna do the stuff
I've been dreaming of....

I'm at your command
Always reaching for your hand
Cause you are the Master of this game
Love on demand

*Uh, you're my darkest angel
You bring me pleasure and pain
Uh, how you blow my mind now
Just wanna feel you and go insane...*

*Take me to places where
I've never been before
Before... and I'm begging you for more....*

I'll be your servant
I'll be just anyone you crave
And I'll be your slave
I am, I'm addicted
I can't resist your sweetest pain
Hear me cry out your name ...

*Uh, you're my darkest angel
You bring me pleasure and pain
Uh, how you blow my mind now
Just wanna feel you and go insane...*

*Take me to places where
I've never been before
Before... And I'm begging you for more....*

"Play with me..."
